

## Creative writing challenge: museum curator

Here's a watercolour painting of a mushroom, created for a past exhibition at West Berkshire Museum, by Miss Pritchard in 1980s. The painting shows a horse mushroom.

Imagine you are a museum curator and need to write an exhibition label for this painting. First, write a heading or headline (in the blue box) and then a caption or description (in the black box). You might like to research online horse mushroom.
