

## Creative writing challenge: card game

Here's a picture of a card game. The game is called "BRRRR!" and is an exciting race around Britain. It includes nine place cards listing places around Britain, six answer cards, and an instruction card.

Imagine you've lost the instructions to this card game. Make up and write a set of instructions for how to play the game – ensure they are clear and concise. For ideas you can research other card and board games, and look at the instructions for games you have at home.
