Colour in a hand brush handle

This is a handle for a hand brush. It is made from black japanned wood, 2 3/8 inches wide and 9 3/4 inches long. It was produced at Brown's Sawmills, Thatcham.

Using felt tip pens or colouring pencils, colour in.

These activities have been created as part of the Learning & Participation programme at West Berkshire Museum and Shaw House. For more information about our family events please visit <u>http://www.westberkshireheritage.org/whats-on</u>
